### *The »Fraueninsel«*

With the ancient monastery  
at its center, the island is known  
to be one of the most beautiful  
sites in Bavaria. In addition  
it is a truly spiritual place with  
a rich history of more than 1200  
years. Marko Pogacnik has  
found it to be the heart-chakra  
of Europe.

The festa takes place on a large,  
tree-lined green between the  
cloister-walls and the lake shore  
with a superb view of the  
Bavarian Alps.
